The present volume describes the history, status, role and development of secondary education in India in an elegant style. It elaborately discuss the role of government policies, centrally sponsored schemes and supporting organizations in the development of secondary education. It is a very beneficial document for students of education, education planners, teachers and others related to secondary education.

The use of technology can significantly enhance educational environments for students. It is imperative to study new software, hardware, and gadgets for the improvement of teaching and learning practices. The Handbook of Research on Mobile Devices and Smart Gadgets in K-12 Education is a pivotal reference source featuring the latest scholarly research on the opportunities and challenges of using handheld technology devices in primary and secondary education. Including coverage on a wide variety of topics and perspectives such as blended learning, game-based curriculum, and software applications, this publication is ideally designed for educators, researchers, students, and technology experts seeking current research on new trends in the use of technology in education.

This publication is part of a series of six country reports on technical and vocational education and training (TVET) and higher education in Bangladesh, Nepal, and Sri Lanka. Each report presents current arrangements and initiatives in the respective country's skills development strategies. These are complemented by critical analyses to determine key issues, challenges, and opportunities for innovative strategies toward global competitiveness, increased productivity, and inclusive growth. The emphasis is to make skills training more relevant, efficient, and responsive to emerging domestic and international labor markets. The reports were finalized in 2013 under the Australian AID-supported Phase 1 of Subproject 11 (Innovative Strategies for Accelerated Human Resource Development) of Regional Technical Assistance 6337 (Development Partnership Program for South Asia).

The present work provides authentic information regarding the current trends and issues in Indian education. Topics discussed are elementary education, Kothari Commission,1966, Yashpal Committee, POA, 1992, education for employment and social development, constitutional provisions of education in India, with special reference to Article 45 (4EE).
