This study of sociolinguistic variation examines the relation between social identity and ways of speaking. Studying variations in language not only reveals a great deal about speakers' strategies with respect to variables such as social class, gender, ethnicity and age, it also affords us the opportunity to observe linguistic change in progress. The volume brings together leading experts from a range of disciplines to create a broad perspective on the study of style and variation. Beginning with an introduction to theoretical issues, the book goes on to discuss key approaches to stylistic variation

in spoken language, including such issues as attention paid to speech, audience design, identity construction, the corpus study of register, genre, distinctiveness and the anthropological study of style. Rigorous and engaging, this book will become the standard work on stylistic variation. It will be welcomed by students and academics in sociolinguistics, English language, dialectology, anthropology and sociology.

Written by a linguist who is himself a journalist, this is a uniquely informed account of the language of the news media.

topics including tourism, language teaching, social networking, terrorism, and religion, among many others Winner of the British Association for Applied Linguistics book prize 2011

This collection brings together in one volume current leading approaches to the study of media discourse. Its focus is on the media text (spoken, written or visual), but it also addresses issues of the production and reception of media discourse. Chapters provide a brief outline of the authors approach to media discourse and then

Access Free Book Sociolinguistics Bell Allan

demonstrate how the approach works in practice by close analysis of sample texts. The applicability of the frameworks is discussed, and guidelines are offered on how to use them.

In Contexts of Accommodation, accommodation theory is presented as a basis for sociolinguistic explanation, and it is the applied perspective that predominates this edited collection. The book seeks to demonstrate how the core concepts and relationships invoked by accommodation theory are available for addressing altogether
