~~Disability, Providence, and Ethics: Bridging Gaps ...~~

Human disability raises the hardest questions of human existence and leads directly to the problem of causality--the underlying intuition that someone, divine or human, must have been at fault. Christian theology has responded with almost singular attention to Providence, the expression of divine will in the world as the cause of all things.

~~Disability, Providence, and Ethics: Bridging Gaps ...~~

Disability, Providence, and Ethics is a probing and instructive book that is sure to be an important addition to the growing literature on theology and disability. Attentive to stories of disability in the lives of people, Hans Reinders roots providence in pastoral discernment as a hope-filled expression of God's transformative nearness.

~~Disability, Providence, and Ethics: Bridging Gaps ...~~

Theological reflection, argues Hans Reinders, can arise only as a second-order activity that follows after real attention to the experience of disability. Disability, Providence, and Ethics offers a more excellent way to address this difficult subject. Reinders guides readers away from an identification of disability with tragedy—via lament—to the possibility of theological hope and its expression of God's presence.
