## ~~Financial Intelligence for Entrepreneurs: What You Really ...~~

Financial Intelligence for Entrepreneurs covers the core topics in modern finance: the income statement, the balance sheet, the cash flow statement, the matching principle, depreciation and amortization, and important financial ratios. Also included is a detailed but easy-to-understand explanation of why each topic is important, how each statement and ratio is constructed, and (crucially) the implicit assumptions used in each tool, which can mislead the unwary or uninformed.

dot-com boom and the impact of Sarbanes-Oxley on corporate governance. Just because you're in business for yourself doesn't mean you're alone. Entrepreneurial Finance helps you create a long-term plan for achieving maximum profit.

The Regulatory Technology Handbook The transformational potential of RegTech has been confirmed in recent years with US\$1.2 billion invested in start-ups (2017) and an expected additional spending of US\$100 billion by 2020. Regulatory technology will not only provide efficiency gains for compliance and reporting functions, it will radically change market structure and supervision. This book, the first of its kind, is providing a comprehensive and invaluable source of information aimed at corporates, regulators, compliance professionals, start-ups and policy makers. The REGTECH Book brings into a single volume the curated industry expertise delivered by subject matter experts. It serves as a single reference point to understand the RegTech eco-system and its impact on the industry. Readers will learn foundational notions such as:

- The economic impact of digitization and datafication of regulation
- How new technologies (Artificial Intelligence, Blockchain) are applied to compliance
- Business use cases of RegTech for cost-reduction and new product origination
- The future regulatory landscape affecting financial institutions, technology companies and other industries

Edited by world-class academics and written by compliance professionals, regulators, entrepreneurs and business leaders, the RegTech Book represents an invaluable resource that paves the way for 21st century regulatory innovation.

angel investors think, as well as how to identify investor expectations, understand the investment analysis process, and prepare for post-investment requirements. Written by Susan Preston, an experienced angel investor, worldwide speaker and consultant on angel financing, and former Kauffman Foundation Entrepreneur-in-Residence, this hands-on resource, explains the factors that determine how private equity investors spend their money and what they expect from entrepreneurs. For example: Most venture capitalists do not invest in seed or start-up financing rounds Investors typically require seasoned management, with successful start-up experience Investors are looking for entrepreneurs with passion for their ideas and the willingness to take and apply sound advice Business plans must be well-written with detailed financial projections that extend 3-5 years Investors are looking for a clear path to profitability in the business model Entrepreneurs must have developed a corporate structure that is clean and uncomplicated And much more

Want to know what accounting numbers really mean without flatlining your pulse? Ditch the dry numbers and allow the authors, through the story of Toms bike shop, to give you easy-to-understand pointers on assets, liabilities, income statements and other finance and accounting tools of the trade. Whether your business is a sole proprietorship or a 5000 employee corporation, these vividly illustrated financial concepts and tools will keep you in the black without making you see red.

"One is tempted to say 'the only book you'll need on starting a business.' Brilliant! Genius! Choose your superlative-it'll fit."-Tom Peters People starting out in business tend to seek step-

by-step formulas or rules, but in reality there are no magic bullets. Rather, says veteran company-builder Norm Brodsky, there's a mentality that helps street-smart entrepreneurs solve problems and pursue opportunities as they arise. Brodsky shares his hard-earned wisdom every month in Inc. magazine, in the hugely popular "Street Smarts" column he cowrites with Bo Burlingham. Now they've adapted their best advice into a comprehensive guide for anyone running a small business.

Provides an overview of business plans that didn't require an influx of cash from a venture capitalist, but rather received money from their customers and describes five ingenious approaches used by innovative entrepreneurs at companies like Threadless, TutorVista and GoViral.
