The Universe Is My Sugar Mama (Evrenden Torpilim Var) has become not just an all-time bestseller (in Turkey, but has also helped pioneer the popularity of the self-help movement and bring to the foreground the concept of life coaching in Turkey. It also has helped create a dynamic change in the tone of books written by Turkish authors from that point on, from academic to more layman-oriented language. Besides the publication being known as a "self-help book," a number of universities have implemented it into their curricula as an example of authenticity in authorship.

There are hundreds of lives sown inside Pretty Little Mistakes, Heather McElhatton's singularly spectacular, breathtakingly unique novel that has more than 150 possible endings. You may end up in an opulent mansion or homeless down by the river; happily married with your own corporation or alone and pecked to death by ducks in London; a Zen master in Japan or morbidly obese in a trailer park. Is it destiny or decision that controls our fate? You can't change your past and start over from scratch in real life—but in Pretty Little Mistakes, you can! But be warned, choose wisely.

An electric novel of the extraordinary life of one of the twentieth century's most prodigious and colorful inventors Nikola Tesla was a man forever misunderstood. From his boyhood in what is present-day Croatia, where his father, a Serbian Orthodox priest, dismissed his talents, to his tumultuous years in New York City, where his heated rivalry with Thomas Edison yielded triumphs and failures, Tesla was both demonized and lionized. Tesla captures the whirlwind years of the dawn of the electrical age, when his flair for showmanship kept him in the public eye. For every successful invention—the alternating current electrical system and wireless communication among them—there were hundreds of others. But what of the man behind the image? Vladimir Pistalo reveals the inner life of a man haunted by the loss of his older brother, a man who struggled with flashes of madness and brilliance whose mistrust of institutional support led him to financial ruin. Tesla: A Portrait with Masks is an impassioned account of a visionary whose influence is still felt today.

One of the greatest spiritual teachers of the twentieth century shares his philosophy on self-discovery, free will, and the search for a place and purpose in life. “I myself am a question. I know not who I am. What to do? Where to go?”—Osho
Destiny, Freedom, and the Soul: What Is the Meaning of Life? explores deeply human questions, such as: Is there really such a thing as “soul,” and if so, what is it? Where does the concept of karma fit in? Does my life have a special meaning or purpose? Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

One of the twentieth century's greatest spiritual teachers invites you onto the path that takes you through all of life's experiences and to embrace your own humanity. Man is a bridge, says Osho, between the animal and the divine—and our awareness of this dual aspect of our nature is what makes us human. It is also what makes us restless, full of conflict, so often at the crossroads of selfishness and generosity, of love and hate, frailty and strength, hope and despair. The Journey of Being Human: Is It Possible to Find Real Happiness in Ordinary Life? looks into how we might embrace and accept these apparent contradictions, rather than trying to choose between them, as the key to transforming each twist and turn of life's journey into a new discovery of who we are meant to be. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.
