From the former New York Times Op-Ed page editor, a definitive and entertaining resource for writers of every stripe on the neglected art of persuasion. In the tradition of The Elements of Style comes Irish Hall ' s essential new work on writing well—a sparkling instructional guide to persuading (almost) anyone, on (nearly) anything. As the person in charge of the Op-Ed page for the New York Times, Hall spent years immersed in argument, passion, and trendsetting ideas—but also in tangled sentences, migraine-inducing jargon, and dull-as-dishwater writing. Drawing on her vast experience editing everyone from Nobel Prize winners and global strongmen (Putin) to first-time pundits (Angelina Jolie), Hall presents the ultimate guide to writing persuasively for students, job applicants, and rookie authors looking to get published. She sets out the core principles for connecting with readers—laid out in illuminating chapters such as " Cultivate Empathy," " Abandon Jargon," and " Prune Ruthlessly." Combining boisterous anecdotes with practical advice (elayed in " tracked changes " bubbles), Hall offers an infinitely accessible primer on the art of effectively communicating above the digital noise of the twenty-first century.

In The Art of Rhetoric, Aristotle demonstrates the purpose of rhetoric—the ability to convince people using your skill as a speaker rather than the validity or logic of your arguments—and outlines its many forms and techniques. Defining important philosophical terms like ethos, pathos, and logos, Aristotle establishes the earliest foundations of modern understanding of rhetoric, while providing insight into its historic role in ancient Greek culture. Aristotle ' s work, which dates from the fourth century B.C., was written while the author lived in Athens, remains one of the most influential pillars of philosophy and has been studied for centuries by orators, public figures, and politicians alike. Good legal writing wins court cases. It's first edition, The Winning Brief proved that the key to writing well is understanding the judicial readership. Now, in a revised and updated version of this modern classic, Bryan A. Garner explains the art of effective writing in 100 concise, practical, and easy-to-use sections. Covering everything from the rules for planning and organizing a brief to openers that can capture a judge's attention from the first few words, these tips add up to the most compelling, orderly, and visually appealing brief that an advocate can present. In Garner's view, good writing is good thinking put to paper. "Never write a sentence that you couldn't easily speak," he warns-and demonstrates how to do just that. Beginning each tip with a set of quotable quotes from experts, he then gives masterly advice on building sound paragraphs, drafting crisp sentences, choosing the best words ("Strike pursuant to from your vocabulary."), quoting authority, citing sources, and designing a document that looks as impressive as it reads. Throughout, he shows how to edit for maximal impact, using vivid before-and-after examples that apply the basics of rhetoric to persuasive writing. Filled with examples of good and bad writing from actual briefs filed in courts of all types, The Winning Brief also covers the new appellate rules for preparing federal briefs. Constantly collecting material from his seminars and polling judges for their preferences, the second edition delivers the same solid guidelines with even more supporting evidence. Including for the first time sections on the ever-changing rules of acceptable legal writing, Garner's new edition keeps even the most seasoned lawyers on their toes and writing briefs that win cases. An invaluable resource for attorneys, law clerks, judges, paralegals, law students and their teachers, The Winning Brief has the qualities that make all of Garner's books so popular: authority, accessibility, and page after page of techniques that work. If you're writing to win a case, this book shouldn't merely be on your shelf—it should be open on your desk.

This book takes you through the steps of writing a persuasive piece from beginning to end.
