InfoQ has just put up a video of the entire Roots of Scrum presentation along with slides that synchronize with the video. Very cool! The Roots of Scrum marketing pitch on InfoQ concerning Kent Beck, Scrum, and XP is somewhat exaggerated. In the presentation, I discuss the email Kent sent me in 1995 when he requested materials on Scrum.

History. The lambda calculus, developed in the 1930s by Alonzo Church, is a formal system of computation built from function application. In 1937 Alan Turing proved that the lambda calculus and Turing machines are equivalent models of computation, showing that the lambda calculus is Turing complete. Lambda calculus forms the basis of all functional
