Combining theory, comparative politics and international relations, Introduction to Politics, Fourth Edition, provides the most comprehensive introduction to the subject for first year undergraduate students, with the most global perspective. *Written by three experts in the field, this book takes a balanced approached to the subject, serving as a strong foundation for further study. Assuming no prior knowledge, the authors use an accessible yet analytical approach which encourages critical analysis and debate, helping students to develop the vital skills they need for future studies and employment. The new edition has been fully updated with additional case studies and examples to help students to understand how key theories and principles apply in the context of real-world events. New to the fourth edition is a chapter on 'Non-Western Approaches', which helps students to bring more diverse perspectives to their study of politics. Furthermore, additional coverage of populism has been included, to reflect current events and developments in discourse. This ensures that Introduction to Politics, Fourth Edition is the most contemporary, relevant and essential guide for students new to the study of politics.*

Bringing together an expert team of authors, Introduction to Politics, Second Edition, provides an intellectually stimulating yet accessible introduction to politics that takes current global realities into account. The text is divided into three sections that reflect the authors' expertise: concepts and ideologies, comparative politics, and international relations. Moving beyond a descriptive narrative, the authors take an analytical approach that introduces students to the debates and inherent complexities of the topics covered. Adopting an international perspective, the authors avoid a focus on Western democracies and assumptions of liberal democratic supremacy, instead illustrating points by using examples from a wide range of places including the Islamic states, Eastern Europe, Asia, and Africa. One third of the book is dedicated to international relations, and the authors also examine transnational factors and forces throughout. Introduction to Politics is enhanced by excellent pedagogical features including case-study boxes, numerous practical examples, readers' guides, key points, cross-references, a guide to further reading, and a glossary. An innovative Companion Website features additional case studies and a variety of resources for both students and instructors. New to this Edition: * A substantially revised final section on global politics that is more integrated with the first two parts of the text * A new case study on Wikileaks, a highly topical example * Increased coverage of hung parliaments, federal systems, the financial crisis, and securitization

This introduction to politics is designed for first-year students in social sciences and for the general reader interested in the basics of contemporary politic. The text's various sections and lecture summaries deal with the important areas of political science, different systems of democratic government, the fall of communism and post-communist politics, as well as issues in Caribbean politics such as globalization, constitutional reform and regional integration.

Series Copy The new Very Short Introductions series offers concise and original introductions to a wide range of subjects from politics to classics. Not simply a textbook of definitions, each book in the series provides trenchant, provocative, yet balanced discussions on the central issues of the field, gives a readable historical account of the subject, and demonstrates how each particular area of study has developed and shaped society. Eventually, the series will encompass every major academic discipline, offering readers an affordable, accessible, and complete reference library. Stimulating and lively, the Very Short Introductions are indispensable guides and essential reading for anyone interested in the development of these influential fields. Providing the general reader and the student with an introduction to the central issues of political science, A Very Short Introduction to Politics shows how political trends and maneuvers develop and how they help shape our society. Kenneth Minogue, with his lively and popular style, begins with a discussion of issues arising from a historical account of politics, and goes on to offer chapters dealing with the Ancient Greeks and the idea of citizenship; Roman law; medieval Christianity and individualism; freedom since Machiavelli and Hobbes; the challenge of ideologies; democracy, oligarchy, and bureaucracy; power and order in modern society; and politics in the West. Readable and pithy, this entertaining introduction is perfect for anyone looking for an accessible overview of the subject.

Introduction to Political Theory is a text for the 21st century. It shows students why an understanding of theory is crucial to an understanding of issues and events in a rapidly shifting global political landscape. Bringing together classic and contemporary political concepts and ideologies into one book, this new text introduces the major approaches to political issues that have shaped the modern world, and the ideas that form the currency of political debate. Introduction to Political Theory relates political ideas to political realities through effective use of examples and case studies making theory lively, contentious and relevant. This updated third edition comes with significant revisions which reflect the latest questions facing political theory, such as the French burqa controversy, ethnic nationalism and the value of research from sociobiology. Accompanying these debates is a wealth of new and thought-provoking case studies for discussion, including (consensual) sadomasochism, affirmative action and same-sex marriage. A new chapter on difference has also been added to complement those on feminism and multiculturalism. The revised glossary, revamped website for further reading and new streamlined layout make Introduction to Political Theory third edition the perfect accompaniment to undergraduate study.

This new edition of Ponton and Gill's well-known text continues to provide students with a superlative guide to political concepts and institutions. The second edition has sold in excess of 5,500 copies Thoroughly revised and updated, also two completely new chapters on global politics Clearly structured for course use, each chapter length to suit a week's reading Clearly written and accessible, very lucid introduction to political concepts

An Introduction to Political Geography provides a broad-based introduction to how power interacts with space; how place influences political identities; and how policy creates and remoulds territory. By pushing back the boundaries of what we conventionally understand as political geography, the book emphasizes the interactions between power, politics and policy, space, place and territory in different geographical contexts. This is both an essential text for political geographers and also a valuable resource for students of related fields with an interest in politics and geography.

This major new textbook will equip students with a complete understanding of contemporary politics, state and society in the United Kingdom today. Key underlying themes include: The differences between traditional and alternative [sites of power] and what we mean by [political] the relationships between politics, society and how individuals become and remain engaged with politics the rapid transformations in contemporary social structures and their impact on social and political life the role of human agency and its significance to social and political action and movements contemporary cultural and social dislocations and their impact on some of the major contested areas of political life today. Key features include: Key concepts and issues Key theorists and writers Discussion questions Comprehensive and accessible, An Introduction to Politics, State & Society is an essential text for all undergraduate students of politics, the contemporary state, power and political sociology.
