Christopher Tolkien, son of 'Lord of the Rings' author J.R. ...

The University professor J.R.R. Tolkien moved his family to the house on 20 Northmoor Road in 1930—and within these walls he wrote The Hobbit and The Lord of the Rings.

Analyzes Tolkien's "The Hobbit," "The Lord of the Rings," "The Silmarillion," and his lesser works, and explains how his works tie into storytelling tradition dating back to Grimms' fairy tales and "Beowulf."

The definitive Tolkien companion—an indispensable guide to The Hobbit, The Lord of the Rings, and more, from the author of The Road to Middle-earth. This “ highly erudite celebration and exploration of Tolkien ' s works [is] enormous fun, ” declared the Houston Chronicle, and Tom Shippey, a prominent medievalist and scholar of fantasy, “ deepens your understanding ” without “ making you forget your initial, purely instinctive response to Middle-earth and hobbits. ” In a clear and accessible style, Shippey offers a new approach to Tolkien, to fantasy, and to the importance of language in literature. He breaks down

The Lord of the Rings as a linguistic feast for the senses and as a response to the human instinct for myth. Elsewhere, he examines The Hobbit 's counterintuitive relationship to the heroic world of Middle-earth; demonstrates the significance of The Silmarillion to Tolkien 's canon; and takes an illuminating look at lesser-known works in connection with Tolkien 's life. Furthermore, he ties all these strands together in a continuing tradition that traces its roots back through Grimms ' Fairy Tales to Beowulf. " Shippey ' s commentary is the best so far in elucidating Tolkien ' s lovely myth, " wrote Harper ' s Magazine. J.R.R. Tolkien: Author of the Century is " a triumph " (Chicago Sun-Times) that not only gives readers a deeper understanding of Tolkien and his work, but also serves as an entertaining introduction to some of the most influential novels ever written.

The authorized biography of the creator of Middle-earth. In the decades since his death in September 1973, millions have read THE HOBBIT, THE LORD OF THE RINGS, and THE SILMARILLION and become fascinated about the very private man behind the books. Born in South Africa in January 1892, John Ronald Reuel Tolkien was orphaned in childhood and brought up in near-poverty. He served in the first World War, surviving the Battle of the Somme, where he lost many of the closest friends he'd ever had. After the war he returned to the academic life, achieving high repute as a scholar and university teacher, eventually becoming Merton Professor of English at Oxford where he was a close friend of C.S. Lewis and the other writers known as The Inklings. Then suddenly his life changed dramatically. One day while grading essay papers he found himself writing 'In a hole in the ground there lived a hobbit' -- and worldwide renown awaited him. Humphrey Carpenter was given unrestricted access to all Tolkien's papers, and interviewed his friends and family. From these sources he follows the long and painful process of creation that produced THE LORD OF THE RINGS and THE SILMARILLION and offers a wealth of information about the life and work of the twentieth century's most cherished author.

An introduction to the life and career of the "Father of High Fantasy."

After discovering the true nature of the One Ring, Bilbo Baggins entrusts it to the care of his young cousin, Frodo, who is charged with bringing about its destruction and thus foiling the plans of the Dark Lord.

The first ever publication of J.R.R. Tolkien 's final writings on Middle-earth, covering a wide range of subjects and perfect for those who have read and enjoyed The Silmarillion, The Lord of the Rings, Unfinished Tales, and The History of Middle-earth, and want to learn more about Tolkien 's magnificent world. It is well known that J.R.R. Tolkien published The Hobbit in 1937 and The Lord of the Rings in 1954 – 5. What may be less known is that he continued to write about Middle-earth in the decades that followed, right up until the years before his death in 1973. For him, Middle-earth was part of an entire world to be explored, and the writings in The Nature of Middle-earth reveal the journeys that he took as he sought to better understand his unique creation. From sweeping themes as profound as Elvish immortality and reincarnation, and the Powers of the Valar, to the more earth-bound subjects of the lands and beasts of N ú menor, the geography of the Rivers and Beacon-hills of Gondor, and even who had beards! This new collection, which has been edited by Carl F. Hostetter, one of the world 's leading Tolkien experts, is a veritable treasure-trove offering readers a chance to peer over Professor Tolkien 's shoulder at the very moment of discovery: and on every page, Middle-earth is once again brought to extraordinary life.

Tales and legends chronicling the world's beginnings and the happenings of the First Age set the stage for Tolkien's other classic works and focus on the theft of the Elves' jewels by Morgoth, first dark Lord of Middle-earth. Reissue.

An expertly written investigation of the places that shaped the work of one of the world's best loved authors, exploring the relationship between worlds real and fantastical.

The Companions of the Ring have become involved in separate adventures as the quest continues. Aragorn, revealed as the hidden heir of the ancient Kings of the West, joined with the Riders of Rohan against the forces of Isengard, and took part in the desperate victory of the Hornburg. Merry and Pippin, captured by orcs, escaped into Fangorn Forest and there encountered the Ents. Gandalf returned, miraculously, and defeated the evil wizard, Saruman. Meanwhile, Sam and Frodo progressed towards Mordor to destroy the Ring, accompanied by Sm é agol - Gollum, still obsessed by his 'precious'. After a battle with the giant spider, Shelob, Sam left his master for dead; but Frodo is still alive - in the hands of the orcs. And all the time the armies of the Dark Lord are massing. JRR Tolkien's great work of imaginative fiction has been labelled both a heroic romance and a classic fantasy fiction. By turns comic and homely, epic and diabolic, the narrative moves through countless changes of scene and character in an imaginary world which is totally convincing in its detail.

The Real JRR Tolkien: The Man Who Created Middle Earth is a comprehensive biography of the linguist and writer; taking the reader from his formative years of home-schooling, through the spires of Oxford, to his romance with his wife-to-be on the brink of war, and onwards into his phenomenal academic success and his creation of the seminal high fantasy world of Middle Earth. The Real JRR Tolkien delves into his influences, places, friendships, triumphs and tragedies, with particular emphasis on how his remarkable life and loves forged the worlds of The Hobbit and The Lord of the Rings. Using contemporary sources and comprehensive research, The Real JRR Tolkien offers a unique insight into the life and times of one of Britain's greatest authors, from cradle to grave to legacy.
