Employment tribunal decisions—GOV.UK

In July 2005, the EAT delivered one of the most controversial decisions in UK employment law history. In Redfearn , the EAT suggested that an employee who was dismissed for standing for election for the British National Party (BNP) could claim direct discrimination " on racial grounds " under the Race Relations Act 1976.

30 landmark employment law judgments—Personnel Today

Labour law, the varied body of law applied to such matters as employment, remuneration, conditions of work, trade unions, and industrial relations. In its most comprehensive sense, the term includes social security and disability insurance as well. Unlike the laws of contract, tort, or property, the elements of labour law are somewhat less homogeneous than the rules governing a particular legal relationship.

labor law | Definition, History, Elements, & Facts ...

Labour law (also known as labor law or employment law) mediates the relationship between workers, employing entities, trade unions and the government. Collective labour law relates to the tripartite relationship between employee, employer and union. Individual labour law concerns employees' rights at work also through the contract for work.

Labour law—Wikipedia

Labour law defines your rights and obligations as workers and employers. EU labour law covers 2 main areas: working conditions - working hours, part-time & fixed-term work, posting of workers, informing & consulting workers about collective redundancies, transfers of companies, etc.

Cases and Materials on Employment Law is the complete reference resource for students of employment law. The most current sourcebook on the market, the 10th edition offers a wealth of well-chosen case law and stimulating extracts and materials to explain employment law in a contextualized and thought-provoking manner. Discerning author notes and questions accompany each extract, providing valuable additional detail to further students' understanding and encourage them to engage critically with the material. Online Resource Centre This book is also accompanied by a free online resource centre (www.oxfordtextbooks.co.uk/orc/painter_holmes10e/) which includes an additional material on family rights, an extra chapter on health and safety at work as well as updates to the law and useful weblinks.

In globally managed companies International Human Resource Management is more and more understood as coordination instrument, which uses finance oriented instruments as the International Remuneration Management System with stock option programs and the Berlin Human Capital Evaluation Model for the assessment of performance and remuneration of branch managers and leading positions.

Derived from the renowned multi-volume International Encyclopaedia of Laws, this monograph on Great Britain not only describes and analyses the legal aspects of labour relations, but also examines labour relations practices and developing trends. It provides a survey of the subject that is both usefully brief and sufficiently detailed to answer most questions likely to arise in any pertinent legal setting. Both individual and collective labour relations are covered in ample detail, with attention to such underlying and pervasive factors as employment contracts, suspension of the contracts, dismissal laws and covenant of non-competition, as well as international private law. The author describes all important details of the law governing hours and wages, benefits, intellectual property implications, trade union activity, employers ' associations, workers ' participation, collective bargaining, industrial disputes, and much more. Building on a clear overview of labour law and labour relations, the book offers practical guidance on which sound preliminary decisions may be based. It will find a ready readership among lawyers representing parties with interests in Great Britain, and academics and researchers will appreciate its value in the study of comparative trends in laws affecting labour and labour relations.

Derived from the renowned multi-volume International Encyclopaedia of Laws, this monograph on the USA not only describes and analyses the legal aspects of labour relations, but also examines labour relations practices and developing trends. It provides a survey of the subject that is both usefully brief and sufficiently detailed to answer most questions likely to arise in any pertinent legal setting.
