Goatboy here and just like the new Marine codex let `s go through some highs and lows from the new Necron codex. Overall it is a pretty cool little book and a complete overhaul of how armies are going to be different. This is a huge thing as we know the Necrons have languished a bit in 8th edition as their codex always felt overcosted and a ...

For context, I own every Necron Codex that has been released with the exception of 6th Edition, so I will be comparing this Codex to those prior releases. As well as to its other 9th edition compatriot, the Space Marine Codex. So first things first, a list of notable new lore since most people would probably be interested in that.
