Playboy magazines appreciate in value as they age, especially if you care for the issue you purchase properly. Naturally, issues with famous faces on the cover are even more valuable. The 1980 to 1999 period is rather a heyday, showcasing every major personality who was renowned at the time, from Joan Collins and Latoya Jackson to Anna Nicole Smith.

It won't be news to anyone, but the first couple of years worth of Playboy magazines are worth something today. Diane Hunter was one of the early 1950's most popular pinup models, having been featured in several calendars and finally the November 1954 issue of Playboy. While all of the 1954 editions of the magazine are valuable today, November is one of those elusive months and can be found on ...

Featuring an introduction by Playboy founder, Hugh Hefner, a paperback edition of the magazine's best-selling retrospective, first published in 1993, contains its most memorable articles and more than a thousand photographs and illustrations. Reprint.

A comprehensive chronicle of sexual mores, relations, and politics in the 20th century. The "Sexual Revolution" began generations before the advent of penicillin, Playboy, and the Pill -- and ultimately produced seismic cultural shifts that have changed forever the way Americans live. Petersen chronicles the struggles of activists for sexual liberation against the agents of repression. He explores the ways in which the historical tumults of the 1900s affected sex -- and vice versa -- through the Jazz Age, the depression, two world wars, the cold war, the 60s, the disco era, and the age of AIDS. Traces the changes wrought by medical science, social science, and technology from the vibrator to home video to Viagra. Over 100 photos, drawings and illustrations.

Kevin Spacey is considered one of the most talented thespians of his generation. Voted "Greatest Actor of the Nineties" by Empire Magazine, placed third in a 2001 FilmFour poll of the hundred greatest-ever movie stars, he is a double Oscar winner and has been equally successful on the stage, being appointed Artistic Director of London's Old Vic Theatre in 2003. Yet like his most famous screen character, Keyser Söze, he has remained a shadowy and mysterious figure, notoriously protective of his private relationships and giving few intimate interviews. Looking Closer, the first published biography of Spacey, explores the background and career of this enigmatic man. This revised edition includes several rare and previously unseen photographs from Kevin's family archives.

A comprehensive history of sex in the 20th century, from the girl in the red velvet swing to the intern in the blue Gap dress. of color illustrations.

Offering a surprising new take on a twentieth-century icon, Bachelors and Bunnies goes beyond the smoking jacket and the centerfold to uncover an unlikely ally for the feminist cause.

Featuring an introduction from Hugh Hefner, this celebration of sensuality features more than 150 photographs, spanning fifty years, of such celebrity models, playmates, rockers, and actresses as Bettie Page, Marilyn Monroe, Deborah Harry, Dita Von Teese, Naomi Campbell, and Pamela Anderson. 40,000 first printing.

The self-made businessman and self-proclaimed S.O.B. who masterminded USA Today reveals how he rose from Associated Press reporter to CEO of Gannett newspapers. Reprint. NYT.

In exploring the history of America's most widely read and influential men's magazine, Elizabeth Fraterrigo hones in on the values, style, and gender formulations put forth in its pages and how they gained widespread currency in American culture.

More Americans now identify as political independents than as either Democrats or Republicans. Tired of the two-party gridlock, the pandering, and the lack of vision, they've turned in increasing numbers to independent and third-party candidates. In 1998, for the first time in decades, a third-party candidate who was not a refugee from one of the two major parties, Jesse Ventura, won election to state-wide office, as the governor of Minnesota. In 2000, the public was riveted by the Reform Party's implosion over Patrick Buchanan's presidential candidacy and by Ralph Nader's Green Party run, which infuriated many Democrats but energized hundreds of thousands of disaffected voters in stadium-sized super-rallies. What are the prospects for new third-party efforts? Combining the close-in, personal reporting and learned analysis one can only get by covering this beat for years, Micah L. Sifry's *Spoiling for a Fight* exposes both the unfair obstacles and the viable opportunities facing today's leading independent parties. Third-party candidates continue to be denied a fighting chance by discriminatory ballot access, unequal campaign financing, winner-take-all races, and derisive media coverage. Yet, after years of grassroots organizing, third parties are making major inroads. At the local level, efforts like Chicago's New Party and New York's Working Families Party have upset urban political machines while gaining positions on county councils and school boards. Third-party activists are true believers in democracy, and if America's closed two-party system is ever to be reformed, it will be thanks to their efforts.
