With its clear and engaging writing style,
Principles of Economics (Sixth Edition)
continues to be one of the most popular
books on economics available today.

Mankiw emphasizes material that you are
likely to find interesting about the
economy (particularly if you are studying
economics for the first time), including
real-life scenarios, useful facts, and the
many ways economic concepts play a role
in the decisions you make every day.

economics 6th edition

On the other hand, the macroeconomics
book is lacking a few topics that were
gone over in lecture for my
macroeconomics textbook. The primary
missing aspects are mathematical analysis
involving fiscal policy and monetary
policy. Overall though, this is a good
textbook. It is of the same quality that I
would expect from Mankiw.
