In this thorough, award-winning explanation of the theory and practice of polarity, cranial osteopath Franklyn Sills guides the reader through Dr. Randolph Stone's mapping of humans' subtle energies. Popular in Europe, polarity incorporates holistic health, diet, exercise, massage, and spiritual practice. This is an approachable introduction to a form of bodywork that therapists and lay individuals interested in alternative health practices will find useful.

A comprehensive and fascinating study of Polarity Therapy, Esoteric Anatomy, and Somatic Psychology that reveals the vital role of energy in the healing arts Esoteric Anatomy offers a spiritual approach to massage, bodywork, and somatic psychology, demystifying an ancient transpersonal model for understanding energy in nature and working with consciousness in the healing arts. It offers a comprehensive health care system based on understanding the body as a field of conscious energy—a system that promotes healing, health building, and self-actualization. Author and spiritual healer Bruce Burger begins by introducing Polarity Therapy in a series of energy-balancing sessions that can be used in conjunction with other forms of therapy and bodywork. This holistic approach can alleviate physical, mental, emotional, and spiritual suffering, including clearing trauma from the cellular memory of the brain. Next, he turns his attention to Esoteric Anatomy in a section of essays that explore the role of energy—or life force—in the healing arts, drawing from the wisdom of ancient India. And finally, Burger builds upon his studies of Polarity Therapy and Esoteric Anatomy to present a unique system of Somatic Psychology that can promote further healing. Thorough, insightful, and complete with illustrations, Esoteric Anatomy is a fascinating course in energy medicine that can guide you toward better health, personal growth, and spiritual transformation.

These volumes have long been essential reading for many practitioners of the healing arts, especially those who employ manual techniques or energy-balancing procedures. Polarity Therapy can be used in psychotherapy, chiropractic therapy, osteopathy, many types of massage, physical therapy, dance, yoga, and other forms of bodywork. Volume I includes the following major works by Dr. Stone and is reproduced from the original first editions: Energy: The Vital Polarity in the Healing Art, The Wireless Anatomy of Man, and Polarity Therapy.

Includes Part 1A, Number 1: Books (January - June) and Part 1B, Number 1: Pamphlets, Serials and Contributions to Periodicals (January - June)

Dr. Randolph Stone was born in Austria in 1890 and emigrated to the United States in 1903. He lived to be 91 years of age and was living proof of his health ideas, actively traveling and teaching into his old age with energy, inspiration, and enthusiasm. He studied every major natural healing art, earning Doctors' degrees in Osteopathy, Chiropractic, and Naturopathy. He practiced for over 60 years, all the while experimenting with many diets, exercise programs, and therapeutic methods in a constant search for the most effective ways of achieving and maintaining health. Dr. Stone's therapeutic methods are outlined here in this book.

In this volume, which includes a faithful reproduction of Dewanchand Varma's original book on Pranothrapy, the reader can trace one of the early developmental branches of modern manual therapy and learn something of the eccentric life of one its early pioneers in the West. Phil Young has drawn the threads of this development together with the inclusion of the previously unpublished notebooks of another such pioneer, Dr. Randolph Stone, a contemporary of Varma who, like Stanley Lief the founder of modern European Neuromuscular Technique, was influenced by Varma's work. Stone was the founder of his own system of manual therapy, which he called Polarity Therapy, and although it is similar to Varma's work, it has maintained to this day more of the original vitalistic, energy approach.
