Get your copy now and take out a pencil, pen, or whatever digital technology to jot down, implement, and make solid change

"A wonderful exploration of the past and the future and, most importantly, of what it means to be present in the here and now. Full of the love of words, the love of family, and the love of falling in love, The Lost and Found Bookshop is a big-hearted gem of a novel that will satisfy and entertain readers from all walks of life. Lovely!"—Garth Stein, New York Times bestselling author of The Art of Racing In The Rain In this thought-provoking, wise and emotionally rich novel, New York Times bestselling author Susan Wiggs explores the meaning of happiness, trust, and faith in oneself as she asks the question, "If you had to start over, what would you do and who would you be?" There is a book for everything . . . Somewhere in the vast Library of the Universe, as Natalie thought of it, there was a book that embodied exactly the things she was worrying about. In the wake of a shocking tragedy, Natalie Harper inherits her mother's charming but financially strapped bookshop in San Francisco. She also becomes caretaker for her ailing grandfather Andrew, her only living relative—not counting her scoundrel father. But the gruff, deeply kind Andrew has begun displaying signs of decline. Natalie thinks it's best to move him to an assisted living facility to ensure the care he needs. To pay for it, she plans to close the bookstore and sell the derelict but valuable building on historic Perdita Street, which is in need of constant fixing. There's only one problem—Grandpa Andrew owns the building and refuses to sell. Natalie adores her grandfather; she'll do whatever it takes to make his final years happy. Besides, she loves the store and its books provide welcome solace for her overwhelming grief. After she moves into the small studio apartment above the shop, Natalie carries out her grandfather's request and hires contractor Peach Gallagher to do the necessary and ongoing repairs. His young daughter, Dorothy, also becomes a regular at the store, and she and Natalie begin reading together while Peach works. To Natalie's surprise, her sorrow begins to dissipate as her life becomes an unexpected journey of new connections, discoveries and revelations, from unearthing artifacts hidden in the bookshop's walls, to discovering the truth about her family, her future, and her own heart.

What if there was a way to peel back the broken and tattered pieces of ourselves, and uncover a new life of freedom, adventure, and transformation? For many of us, our misconceptions about the nature and character of the triune God have kept us from the freedom and joy found in our true identity in Christ. Damaging cycles of shame and the endless effort to look the part keep us trapped in drama and fear. Unable to grasp the paradox of a God who is both Lion and Lamb, we end up feeling alone, stuck on the banks of the river while a life of passion and adventure beckons. Using stories of transformation, Paradox Lost presents a framework for understanding our patterns of “stuckness” and provides specific tools for getting off the riverbanks and into the current. With life-giving insight into God's nature, readers will find the courage to uncover their own wounded places, as well as invite others to experience the wholeness of abundant life in Christ.

A guidebook to once-thriving towns in Pennsylvania that have been abandoned or left to ruin including Centralia, Pithole City, and Azilum.

This 'well-told and inspiring' story (Publishers Weekly, starred review) is the monumental product of Lillian Smith Book Award-winning author Vanessa Siddle Walker's two-decade investigation into the clandestine travels and meetings – with other educators, Dr. King, Georgia politicians, and even U.S. presidents – of one Dr. Horace Tate, a former Georgia school teacher, principal, and state senator. In a sweeping work, invaluable lessons for today from the educators behind countless historical battles – in courtrooms, schools, and communities – for the quality education of black children.

The Knights of the Golden Circle was the largest and most dangerous clandestine organization in American history. It amassed billions in stolen gold and silver, all buried in hidden caches across the United States. Since 1865 treasure hunters have searched, but little of that immense wealth has ever been found. Now, one hundred and sixty years later, two factions of what remains of the Knights of the Golden Circle want that lost treasure—one to spend it for their own ends, the other to preserve it. Thrust into this battle is former Justice Department agent Cotton Malone, whose connection to the knights is far deeper than he ever imagined. At the center is the Smithsonian Institution—linked to the knights, its treasure, and Malone himself through an ancestor, a Confederate spy named Angus “Cotton” Adams, whose story holds the key to everything. Complicating matters are the political ambitions of a reckless Speaker of the House and the bitter widow of a United States Senator, who together are planning radical changes to the country. And while Malone and Cassiopeia Vitt face the past, ex-president Danny Daniels and Stephanie Nelle confront a new and unexpected challenge, a threat that may cost one of them their life. From the backrooms of the Smithsonian to the deepest woods in rural Arkansas, and finally up into the rugged mountains of northern New Mexico, The Lost Order by Steve Berry is a perilous adventure into our country's dark past, and a potentially even darker future.

“If you enjoyed Sarah's Key and Kristin Hannah's The Nightingale, then this wonderful book by Ann Mah is for you.” -- Tatiana de Rosnay Sweetbitter meets The Nightingale in this page-turning novel about a woman who returns to her family's ancestral vineyard in Burgundy and unexpectedly uncovers a lost diary, an unknown relative, and a secret her family has been keeping since World War II. To become one of only a few hundred certified wine experts in the world, Kate must pass the notoriously difficult Master of Wine examination. She's failed twice before; her third attempt will be her last chance. Suddenly finding herself without a job and with the test a few months away, she travels to Burgundy to spend the fall at the vineyard estate that has belonged to her family for generations. There she can bolster her shaky knowledge of Burgundian vintages and reconnect with her cousin Nico and his wife, Heather, who now oversee day-to-day management of the grapes. The one person Kate hopes to avoid is Jean-Luc, a talented young winemaker and her first love. At the vineyard house, Kate is eager to help her cousin clean out the enormous basement that is filled with generations of discarded and forgotten belongings. Deep inside the cellar, behind a large armoire, she discovers a hidden room containing a cot, some Resistance pamphlets, and an enormous cache of valuable wine. Piqued by the secret space, Kate begins to dig into her family's history—a search that takes her back to the dark days of World War II and introduces her to a relative she never knew existed, a great-half aunt who was a teenager during the Nazi occupation. As she learns more about her family, the line between resistance and collaboration blurs, driving Kate to find the answers to two crucial questions: Who, exactly, did her family aid during the difficult years of the war? And what happened to six valuable bottles of wine that seem to be missing from the cellar's collection?
